

460 GTS

SAXDOR

MORE FREEDOM, GREATER THRILL

The Saxdor 460 GTS introduces a more exhilarating side of open boating, pairing the proven capability and refinement of the 460 platform with the freedom of a walkaround layout, open social spaces designed to transform and a more engaging driving experience.

The walkaround layout, with a raised passage along the starboard side of the helm, makes moving around the boat easy and secure, while fold-down terraces and the aft platform extend the deck over the water. Sliding glass doors add flexibility when conditions change, sheltering the cockpit without closing off the space.

The driver-focused helm includes a sculpted, low-profile dashboard with clear sightlines and intuitive controls, while three newly designed helm seats keep everyone comfortable. Built on a twin-stepped 20.5° V-hull, the 460 GTS delivers confident handling, outstanding efficiency and a smooth, stable ride at speeds of up to 55 knots.

ONE CONTINUOUS SPACE

The aft glass wall slides away and the cockpit and saloon become one continuous space, open to the light and the air around it.

Wide side decks run alongside, keeping movement easy from the stern all the way forward.

With everything closed, the same space turns quiet and sheltered, ready for weather and longer passages.

WIDER AT ANCHOR

Fold-down side terraces open the deck out over the water, while the aft platform drops down to water level for swimming and easy access from the sea.

A large aft sunbed offers generous space for sunbathing and relaxing, and the dining area can be configured with a sliding centre sofa that turns it into an uplifted, forward-facing seating arrangement.

DESIGNED AROUND THE DRIVER

Three newly designed helm seats bring enhanced comfort and ergonomics, keeping everyone in command on long runs.

Clear sightlines and intuitive controls keep the focus on driving, while the twin-stepped 20.5° V-hull delivers a smooth, stable ride with responsive handling.

Focused and engaging at speed, composed and easy when you slow down.

SPACE TO SETTLE IN

Below deck, the 460 GTS follows a refined, light design approach.

Soft lighting, warm wood veneers and clean, linear cabinetry define a calm, cohesive atmosphere, with a practical cabin layout suited to overnight stays and extended weekends on board.

A quiet, comfortable retreat set against the open character of the deck above.

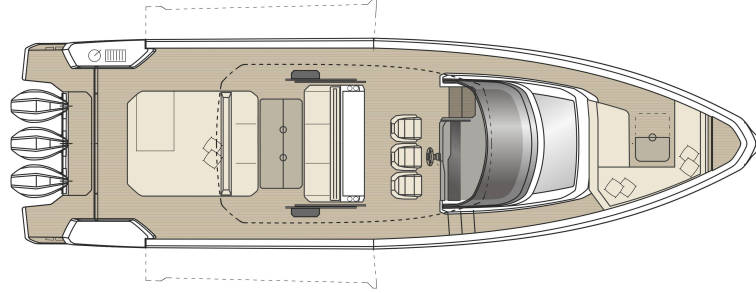

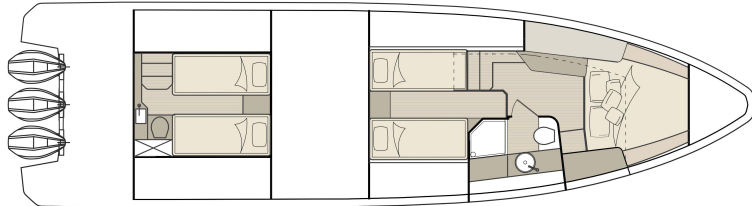

LAYOUTS & SPECS

SPECIFICATIONS

Length	14.44 m / 47 ft 5 in
Beam	4.11 m / 13 ft 6 in
Draft (excl. engines)	0.8 m / 2 ft 7 in

02 Lower deck with aft cabin

THE FUTURE TAKES SHAPE

Founded in 2019 by Sakari Mattila, we draw on decades of experience with Finland's leading boat brands. We entered the market with a distinct view of modern boating, bringing together agile performance and innovative use of space, designed to anticipate your changing needs on board.

The range has grown quickly, with every new model expressing a different side of the same design philosophy.

Today, Saxdor models span from the sporty 270 to the flagship 460. Each model has its own character and onboard experience, bringing genuine variety to the range. Built in Europe, every Saxdor meets the same high standards of construction, materials and finish.

Together, these qualities shape a feeling you notice the moment you step on board and want to return to after every outing.

GLOBAL NETWORK

Saxdor is present wherever boating matters most — through a network of over 190 dealer locations across more than 70 countries and territories on 5 continents.

Wherever you are, our global network brings you closer to the brand, with local expertise and seamless access to our boats and services.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
